COMPANY PROFILE

DEVCON INDUSTRIAL SOLUTIONS based in Porvorim, Goa was established to cater the need for automation products and automation applications. DEVCON is founded by Mr Deviprasad who has more than 20 years' experience in the field of automation, fluid and fluid power industry. Our customer base includes food, pharma, printing, packaging, plastic, mining, metallurgy, electronics, engineering, electronics, medical, power, fertilizer, chemical, solar etc.

The mission of DEVCON is to offer quality products and solutions with focus on product optimization and sustainability which will enable customer to save money and add value to the business

We are authorised dealer for **SMC Corporation** –The world's largest pneumatic automation product manufacturers and SMC Corporation is honoured to be recognized by Forbes magazine as one of the Top 100 World's Most Innovative Companies.

In addition we are the authorised dealers for **Darshana Industries** – manufacturer of Machine Tool Handles, Locks, Console Accessories, Suspension Systems, Conveyor Components, Aluminium Section Accessories, Electronic Access Control Units, Locks & Closure for Vehicles, Operating & Levelling Elements

Our strengths:

1. Technical support to identify customer's requirement and provide right solution
2. Knowledge of compressed air management and low cost automation applications
3. Authorised dealership of leading companies
4. We believe in helping customers to buy the right products and solutions
5. Our capability includes sourcing and supplying any automation products
6. Business ethics is our guiding light
7. Quick response to your requirements and technical queries .

Our vision is to become a one stop solution for all industrial automation and instrumentation applications by doing business in an ethical and sustainable manner.

Our Principles—Darshana Industries Pvt Ltd

We are the associates of Darshana Industries Pvt. Ltd. Pune, India's leading manufacturer of machine tool handles, control panel accessories, console accessories, suspension systems, conveyor components, Aluminium section accessories, electronics access control units, locks & closure for vehicles.

Handles

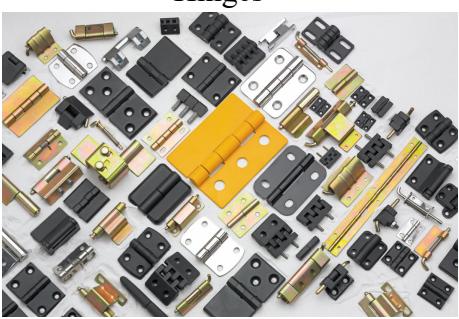

Locks

3 point locks

Hinges

Gaskets

Clamping Connectors

Flexible Mountings

Conveyor accessories

Cable Management systems

Aluminium Door Frame

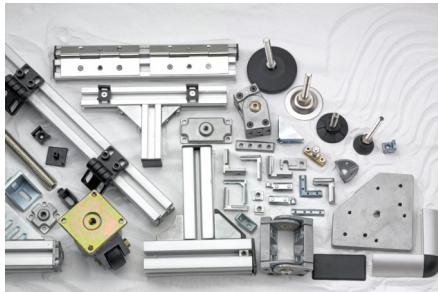

Console accessories

Support Arm Systems

Accessories for Aluminium Sections

Our Principles—SMC Corporation (India) Pvt Ltd

SMC Corporation India is 100% subsidiary of SMC Corporation Japan, the world leader in pneumatic technology. SMC provides innumerable applications of mechatronic system and pneumatic control technology. from core industries like automotive and machine tool to diverse industries like food processing, pharma, printing, packaging, mining, metallurgy, power, battery, solar, electronics, textile, garment, medical, biomedical, chemical, fertilizer - SMC has a strong presence in their automation field

Directional Control Valves 	Air Cylinders 	Rotary Actuators/Air Grippers 
Electric Actuators/Cylinders 	Vacuum Equipment 	Air Preparation Equipment 
Modular F.R.L./Pressure Control Equipment 	Lubrication Equipment 	Fittings and Tubing 
Flow Control Equipment Speed Controllers 	Silencers/Exhaust Cleaners/Blow Guns/Pressure Gauges 	Switches/Sensors/Controller 
Static Neutralization Equipment 	Process Valves 	Chemical Liquid Valves/Fittings & Needle Valves/Tubing 
Process Pumps (Diaphragm Pumps) 	Temperature Control Equipment 	Hydraulic Equipment 
High Vacuum Equipment 	Industrial Filters/Sintered Metal Elements 	Pneumatic Instrumentation Equipment 

Stockist—Bray Controls and L & T valves

Bray Controls—head quartered in Houston USA and Indian operations in Chennai Bray is the leading manufacturers of Angle Valves, Butterfly Valves, Ball valves, Severe Service Valves, Check Valves and Knife Edge Gate valves.

L&T Valves—leader in flow-control solutions. The company is a subsidiary of Larsen & Toubro, a technology and engineering conglomerate. L&T Valves leverages its heritage of excellence that spans 6 decades to manufacture valves for key sectors of the economy such as oil & gas, power, petrochemicals, chemicals, water as well as defence and aerospace.

Our Principles—Pennant Engineering Pvt. Ltd.

Pennant Engineering Pvt. Ltd is leading manufacturer of steam traps, valves and engineered solutions for process and thermal applications. Pennant offers a wide variety of Steam Traps & Pipeline Accessories for the effective removal of condensate from steam systems without the loss of steam, catering to various industrial requirements. Pennant offers a range of flow control products with a variety of valves in forged/cast steel construction, for different industrial applications like On-off/ throttling / flow control / pressure control/ level control.

		
THERMODYNAMIC STEAM TRAP	INVERTED BUCKET STEAM TRAP	BALL FLOAT STEAM TRAP
		
THERMOSTATIC STEAM TRAP WITH BIMETALLIC COLUMN	LIQUID DRAIN TRAP	THERMOSTATIC STEAM TRAP FOR CLEAN STEAM APPLICATIONS
		
AIR VENT	FLOAT TYPE AIR ELIMINATOR	STRAINER
		
PISTON VALVE	PRESSURE REDUCING VALVE	ECCENTRIC ROTARY CONTROL VALVE

Industrial Power transmission, Timing and Conveyor Belts

We are the supplier of high quality power transmission, timing and conveyors belts. We offer power transmission and equipment solutions for Pharma, textile, ceramics, mining, agriculture, automobile, cement, engineering, power and energy sectors.

Products we supply:

- ◆ Vee Belts
- ◆ Timing Belts
- ◆ Flat belts
- ◆ Conveyor Belts
- ◆ Poly Vee Belts
- ◆ PU timing belts
- ◆ PU Vee belts & Round belts
- ◆ PU discs
- ◆ Rubber strips
- ◆ Knitting belts

Our Principles:

Mitsubos

Nitta Corporation, Japan

Hutchison, France

Volta Belting, Israel

Megadyne, Italy

Vee belts

Timing belts

Poly Vee belts

Flat belts

Conveyor belts

PU discs

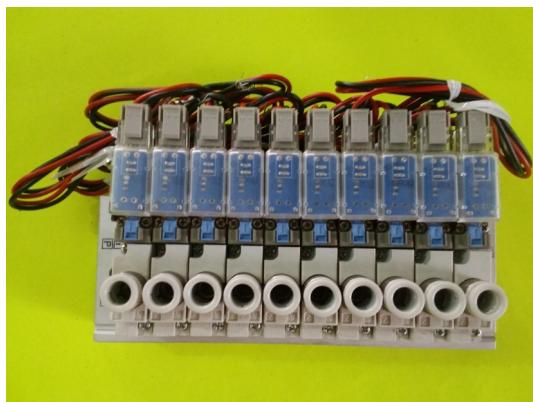

Customised / indigenously developed assemblies

15 station valve manifold for die casting machine

10 station valve manifold for water purification system

Air Pressure booster with reservoir and accessories

Jacketed Ball Valve with Pneumatic actuator

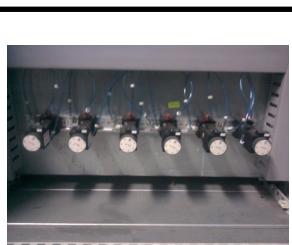

Dual stroke dual rod cylinder for Bobst machine

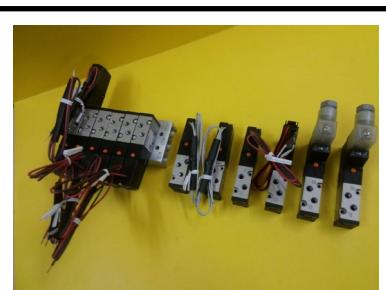

Valve manifold for Komori Printing machine

Valve manifold for Blow moulding machine

Pneumatic panel for paint booth system

Solenoid valves & Air Cylinders for Komori machine
